

ALEXANDRA GARCIA

Full Stack Software Engineer

alexgarcia1299@yahoo.com | (361) 646-3584 | alexandragarcia.me

WORK EXPERIENCE

Southwest Research Institute, San Antonio, TX (Hybrid)

Senior Software Engineer

Oct 2023 – Present

Software Engineer

May 2021 – Oct 2023

- Architected full-stack traffic management platform for New England Compass, serving traffic operators across Vermont, New Hampshire, and Maine with real-time monitoring and device control using React, TypeScript, C#, and RESTful APIs
- Spearheaded modernization initiative migrating monolithic Windows application to dockerized microservices architecture; upgraded API documentation from Swagger to OpenAPI3 and modernized legacy C# codebase while transitioning team from waterfall to agile development
- Established comprehensive testing framework by implementing NUnit across all division ATMS applications, ensuring code quality and reliability for production deployments
- Led technical mentorship for 3 software engineers while conducting behavioral and technical interviews for candidates; reviewed 100+ pull requests to maintain code quality standards
- Provided 24/7 on-call support for traffic monitoring systems, consistently meeting SLA requirements and ensuring continuous uptime for state transportation clients

Software Engineer Internship

May 2020 – May 2021

- Developed modular React components and C# backend services for traffic management applications, contributing to the foundation of the New England Compass project
- Supported agile transformation by participating in sprint planning, daily standups, and iterative development cycles for improved project delivery

EDUCATION

Bachelor of Science, Computer Science

Aug 2018 – May 2021

The University of Texas at San Antonio

Summa Cum Laude

Concentration in Software Engineering

SCRUM Master Certification

Sept 2021 – Oct 2023

Scrum Alliance

KEY SKILLS

Languages & Frameworks

- React, Typescript, JavaScript, C#, .NET, Redux, Webpack

Cloud & Tools

- AWS, OpenAPI, npm, MSSQL, Git, JIRA, Bamboo

Practices

- Agile, Scrum, CI/CD, Microservices, REST APIs, Unit Testing (NUnit)

Platforms

- Visual Studios, Rider, Camtasia, Atlassian products
